### Platinum Gold Titanium Value Performance

OCZ High Speed DDR Memory is the fastest and most reliable DDR memory available today. Unlike conventional DDR, OCZ High Speed DDR Memory offers state-of-the-art technology and provides unparalleled quality, endurance, and performance making it the top solution for any indispensable PC.

OCZ High Speed DDR2 Memory transcends traditional DDR to deliver faster, more efficient performance, all while consuming less power. OCZ uses years of experience in high speed design and proprietary patent pending technology to build the fastest DDR2 memory on the market.

### High Speed DDR Memory High Speed DDR2 Memory

Responding to the unique demands of gamers and enthusiasts, OCZ brings to market a number of exclusive, limited edition OCZ memory modules. Tailored to select applications that include case modding, gaming, and overclocking, these distinctive modules are the perfect selection for consumers looking for something special for their next system build or upgrade.

OCZ Laptop Memory is built to provide the highest level of compatibility using the highest quality components available.

OCZ Server Series memory is ECC registered for maximum stability in server and multiprocessing applications.

OCZ Upgrade Memory is the ultimate system enhancement for Dell and Apple owners. All OCZ Upgrade Memory integrates only quality memory components to provide the most reliable and efficient performance possible.

The incredibly fast and stylish OCZ Rally Flash drive is designed to be the fastest most reliable USB 2.0 flash memory drive on the market thanks to the use of cutting-edge dual channel technology. Transfer your music, pictures, videos, and data to your laptop or desktop in record time or simply "Plug and Play"; them instantaneously from the convenience of any USB port.

OCZ Power Supplies are extremely versatile and utilize high-quality, high performance cores to deliver the most powerful and reliable PSUs you can find. OCZ's stylish power supplies are equipped with PowerWhisper Technology to make the units virtually silent and the ultra-stabilizing PowerShield cables.

OCZ Power Enhancement accessories provide additional stability and optimize your system's performance.

OCZ Cooling Products consist of high performance heatsinks and deliver an unbeatable source of cooling power.

Love OCZ and want to sport the gear?! OCZ carries a full load of promotional goodies sure to add to your LAN party or cyber café.

OCZ End of Life Products are excellent products that are not longer made by OCZ, but may still be available for sale.
